

Attunity Named by DBTA as a Top 100 Company in Data Management and Analysis for Sixth Consecutive Year in 2018

June 18, 2018

Annual list recognizes companies based on their presence, execution, vision, and innovation in delivering products and services to the marketplace

BURLINGTON, Massachusetts, June 18, 2018 /PRNewswire/ --

Attunity Ltd. (NASDAQ CM: ATTU), a leading provider of data integration and big data management software solutions, announced today that Database Trends and Applications (DBTA) magazine recognized it for the sixth consecutive year as a top 100 company in data management and analysis. The annual list, "DBTA 100: The Companies That Matter Most in Data," salutes today's top companies, from long-standing industry veterans to new big data vendors disrupting the status quo, based on their presence, execution, vision and innovation in delivering products and services to the marketplace. All 100 companies are highlighted in the June edition of Database Trends and Applications magazine and [here](#) on DBTA's website.

A pioneer in heterogeneous data integration, Attunity provides a software portfolio that accelerates data delivery and availability, automates data readiness for analytics and optimizes data management with intelligence. The four key data integration and management solutions, Attunity Replicate, Compose, Gold Client, and Visibility, are designed for universal data ingest and replication, agile data warehouse automation, test data management, and data usage and analytics insights, respectively. Companies worldwide capture more value from more data while saving time and cost with Attunity.

"We're excited to announce our sixth annual list, as the industry continues to grow and transform," remarked **Thomas Hogan, Group Publisher at Database Trends and Applications**. "Today, more than ever, businesses are looking for ways to manage and leverage their information resources to create new opportunities and deliver a real competitive advantage. A fundamental change is taking place where every business is also moving toward becoming a data business. This list seeks to highlight those companies that have been successful in establishing themselves as unique resources for data professionals and stakeholders."

"It is exciting to be recognized consistently for our leadership in the data integration and management market, as we focus on helping enterprises enable their strategic cloud migration and modern data analytic initiatives," said **Itamar Ankorion, Chief Marketing Officer at Attunity**. "We look forward to continuing to provide new innovations that help meet the ever-changing needs of data-driven businesses worldwide."

About Database Trends and Applications

Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding the anticipated features and benefits of Replicate Solutions, within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other Federal Securities laws. Statements preceded by, followed by, or that otherwise include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", and similar expressions or future or conditional verbs such as "will", "should", "would", "may" and "could" are generally forward-looking in nature and not historical facts. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results, expressed or implied by such forward-looking statements, could differ materially from Attunity's current expectations. Factors that could cause or contribute to such differences include, but are not limited to, risks and uncertainties relating to: our history of operating losses and ability to achieve profitability; our reliance on strategic relationships with our distributors, OEM, VAR and "go-to-market" and other business partners, and on our other significant customers; our ability to manage our growth effectively; acquisitions, including costs and difficulties related to integration of acquired businesses and possible impairment charges; our ability to continue to expand our business into the SAP market and the success of our Gold Client offering; timely availability and customer acceptance of Attunity's new and existing products, including Attunity Replicate, Attunity Compose and Attunity Visibility; fluctuations in our quarterly operating results, which may not necessarily be indicative of future periods; changes in the competitive landscape, including new competitors or the impact of competitive pricing and products; a shift in demand for products such as Attunity's products; the impact on revenues of economic and political uncertainties and weaknesses in various regions of the world, including the commencement or escalation of hostilities or acts of terrorism as well as cyber-attacks; and other factors and risks on which Attunity may have little or no control. This list is intended to

identify only certain of the principal factors that could cause actual results to differ. For a more detailed description of the risks and uncertainties affecting Attunity, reference is made to Attunity's latest Annual Report on Form 20-F which is on file with the Securities and Exchange Commission (SEC) and the other risk factors discussed from time to time by Attunity in reports filed with, or furnished to, the SEC. Except as otherwise required by law, Attunity undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
