

Attunity Recognized for Data Integration Leadership with Two Industry Awards

August 23, 2018

Innovative and modern data management solutions highlighted in annual and quarterly lists published by key IT media publications

BURLINGTON, Massachusetts, August 23, 2018 /PRNewswire/ --

Attunity Ltd. (NASDAQ CM: ATTU), a leading provider of data integration and big data management software solutions, announced today that it has received three industry recognitions from two well-known media publications in the IT sector - *Solutions Review* and *InsideBIGDATA*.

Following the recent recognition for the sixth consecutive year of inclusion in the "[DBTA 100: The Companies That Matter Most in Data](#)," Attunity was honored by *Solutions Review* magazine as one of the "[28 Best Data Integration Software Tools for 2018](#)" due to its complete suite of high-performance on-premises and cloud data integration solutions.

Attunity provides a software portfolio that accelerates data delivery and availability, automates data readiness for analytics and optimizes data management. The company was also recognized by *InsideBIGDATA*'s "[IMPACT 50 List for Q3 2018](#)." Companies on this list are identified as firms that are changing the market with innovative technology in the areas of big data, data science, machine learning, AI and deep learning.

"As businesses continue to look for better ways to manage their increasing data volumes and glean more value from data, Attunity is providing solutions that help enable such strategic data initiatives including cloud data migrations and real-time modern data analytics," said **Itamar Ankorian, Chief Marketing Officer at Attunity**. "We are honored to be selected by *Solutions Review* and *InsideBIGDATA* as one of the top technology disrupters and growing leaders in the data integration and management industry."

About Attunity

Attunity is a leading provider of data integration and big data management software solutions that enable availability, delivery and management of data across heterogeneous enterprise platforms, organizations and the cloud. Our software solutions include [data replication and distribution](#), [test data management](#), [change data capture \(CDC\)](#), [data connectivity](#), [enterprise file replication \(EFR\)](#), [managed file transfer \(MFT\)](#), [data warehouse automation](#), [data usage analytics](#) and [cloud data delivery](#).

Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding the anticipated features and benefits of Replicate Solutions, within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other Federal Securities laws. Statements preceded by, followed by, or that otherwise include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", and similar expressions or future or conditional verbs such as "will", "should", "would", "may" and "could" are generally forward-looking in nature and not historical facts. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results, expressed or implied by such forward-looking statements, could differ materially from Attunity's current expectations. Factors that could cause or contribute to such differences include, but are not limited to, risks and uncertainties relating to: our history of operating losses and ability to achieve profitability; our reliance on strategic relationships with our distributors, OEM, VAR and "go-to-market" and other business partners, and on our other significant customers; our ability to manage our growth effectively; acquisitions, including costs and difficulties related to integration of acquired businesses and possible impairment charges; our ability to continue to expand our business into the SAP market and the success of our Gold Client offering; timely availability and customer acceptance of Attunity's new and existing products, including Attunity Replicate, Attunity Compose and Attunity Visibility; fluctuations in our quarterly operating results, which may not necessarily be indicative of future periods; changes in the competitive landscape, including new competitors or the impact of competitive pricing and products; a shift in demand for products such as Attunity's products; the impact on revenues of economic and political uncertainties and weaknesses in various regions of the world, including the commencement or escalation of hostilities or acts of terrorism as well as cyber-attacks; and other factors and risks on which Attunity may have little or no control. This list is intended to identify only certain of the principal factors that could cause actual results to differ. For a more detailed description of the risks and uncertainties affecting Attunity, reference is made to Attunity's latest Annual Report on Form 20-F which is on file with the Securities and Exchange Commission (SEC) and the other risk factors discussed from time to time by Attunity in reports filed with, or furnished to, the SEC. Except as otherwise required by law, Attunity undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
