

## Attunity Honored With Three Industry Awards Recognizing it as a Top Data Integration Company

November 13, 2018

**Leading media publications highlight Attunity as a foremost enterprise big data integration software firm**

BURLINGTON, Massachusetts, November 13, 2018 /PRNewswire/ --

Attunity Ltd. (NASDAQ CM: ATTU), a leading provider of data integration and big data management software solutions, announced today that it has been honored with three new recognitions from eminent technology publications and editors at *CIO Review*, *Datanami* and *InsideBIGDATA*.

Attunity was named one of the '[20 Most Promising Big Data Solution Providers - 2018](#)' by *CIO Review*; listed as a 'Top 5 Vendors to Watch' in *Datanami*'s '[2018 Readers' & Editors' Choice Awards](#)'; and selected as a top vendor in *InsideBIGDATA*'s '[IMPACT 50 List for Q4 2018](#)'. These industry recognitions highlight Attunity's commitment to providing strategic data integration, ingestion and migration solutions that enable enterprises to accelerate data movement to the cloud, improve data lake usage and implement real-time analytics with operational efficiency. These new honors follow closely behind other [recent award recognitions](#) from *DBTA* and *Solutions Review*.

Attunity continues to be recognized for its innovative data integration software portfolio, which includes Attunity Replicate, a real-time data integration and ingestion software solution; Attunity Compose, providing data warehouse and data lake pipeline automation; and Attunity Enterprise Manager (AEM), managing data integration at scale across on-premises and cloud environments.

"Attunity's data integration solutions enable modern data architectures, helping enterprises with big data analytics and cloud adoption initiatives," said **Itamar Ankorian, Chief Marketing Officer at Attunity**. "These recognitions by leading publications underscore our commitment to customer success, innovation and helping organizations operate at the speed of change."

### About Attunity

Attunity is a leading provider of data integration and big data management software solutions that enable availability, delivery and management of data across heterogeneous enterprise platforms, organizations and the [cloud](#). Our software solutions include [data replication and distribution](#), [test data management](#), [change data capture \(CDC\)](#), [data connectivity](#), [enterprise file replication \(EFR\)](#), [managed file transfer \(MFT\)](#), [data warehouse automation](#), [data usage analytics](#) and [cloud data delivery](#).

### Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding the anticipated features and benefits of Replicate Solutions, within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other Federal Securities laws. Statements preceded by, followed by, or that otherwise include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", and similar expressions or future or conditional verbs such as "will", "should", "would", "may" and "could" are generally forward-looking in nature and not historical facts. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results, expressed or implied by such forward-looking statements, could differ materially from Attunity's current expectations. Factors that could cause or contribute to such differences include, but are not limited to, risks and uncertainties relating to: our history of operating losses and ability to achieve profitability; our reliance on strategic relationships with our distributors, OEM, VAR and "go-to-market" and other business partners, and on our other significant customers; our ability to manage our growth effectively; acquisitions, including costs and difficulties related to integration of acquired businesses and possible impairment charges; our ability to continue to expand our business into the SAP market and the success of our Gold Client offering; timely availability and customer acceptance of Attunity's new and existing products, including Attunity Replicate, Attunity Compose and Attunity Visibility; fluctuations in our quarterly operating results, which may not necessarily be indicative of future periods; changes in the competitive landscape, including new competitors or the impact of competitive pricing and products; a shift in demand for products such as Attunity's products; the impact on revenues of economic and political uncertainties and weaknesses in various regions of the world, including the commencement or escalation of hostilities or acts of terrorism as well as cyber-attacks; and other factors and risks on which Attunity may have little or no control. This list is intended to identify only certain of the principal factors that could cause actual results to differ. For a more detailed description of the risks and uncertainties affecting Attunity, reference is made to Attunity's latest Annual Report on Form 20-F which is on file with the Securities and Exchange Commission (SEC) and the other risk factors discussed from time to time by Attunity in reports filed with, or furnished to, the SEC. Except as otherwise required by law, Attunity undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
