Attunity Named a 2017 Top 50 Big Data Company for the Third Consecutive Year by DBTA's Big Data Quarterly Magazine

BURLINGTON, Massachusetts, September 13, 2017 /PRNewswire/ --

[Attunity Ltd.](#) (NASDAQ CM: ATTU), a leading provider of data integration and Big Data management software solutions, announced today that DBTA's Big Data Quarterly Magazine has named Attunity a 2017 Top 50 Big Data Company for the third consecutive year. Compiled by the editorial staff at Big Data Quarterly, the third annual "Big Data 50," is a special list that salutes the top companies in Big Data management and analysis today. All 50 companies are highlighted [here](#) in the September edition of Big Data Quarterly magazine .

From industry veterans, to new vendors disrupting the status quo, the "Big Data 50" list recognizes forward-thinking companies that are revolutionizing the ways businesses can derive value from their data. Attunity customers worldwide choose Attunity so they can capture more value from more data while saving time and cost. Attunity's software portfolio accelerates data delivery and availability, automates data readiness for analytics and optimizes data management with intelligence.

"Today, more than ever, businesses rely on data to deliver a competitive edge. The urgency to compete on analytics has spread across industries, fueled by the need for greater efficiency, agility and innovation," remarked **Thomas Hogan, Group Publisher at Database Trends and Applications and Big Data Quarterly**. "This list seeks to highlight those companies that are really driving innovation and serve as a guide to businesses navigating the rapidly-changing Big Data landscape."

"Moving universal Big Data across the enterprise into Hadoop and Cloud data lakes for real-time analytics is no longer a nice-to-have capability, but a need-to-have imperative, and we focus on helping our customers do that easily and efficiently," said **Itamar Ankorion, Chief Marketing Officer at Attunity**. "We appreciate this recognition of our leadership role in this market, and we look forward to continuing to add value to our customers' Big Data integration and management initiatives now and into the future."
