Attunity Reports Third Quarter 2017 Results

License Revenue Grew 45%; Total Revenue Grew 27% Year-Over-Year
Appointed Mark Logan as Chief Operating Officer

Burlington, MA – November 2, 2017 – Attunity Ltd. (NasdaqCM: ATTU), a leading provider of data integration and Big Data management software solutions, today reported its unaudited financial results for the three-month period ended September 30, 2017.

"We continued to see an increasing demand for our innovative solutions from customers and partners in the growing Big Data and cloud markets. This demand has resulted in a strong third quarter during which license revenue and total revenue grew 45% and 27%, respectively," stated Shimon Alon, Chairman and CEO of Attunity. "We are also seeing a growing customer need for data lake, cloud and SAP solutions, and continue to see Attunity's platform selected by large global corporations."

"As we focus on driving our business forward, we announced this morning a strategic new hire to enhance our management team. Mark Logan will join the Attunity team as our new Chief Operating Officer. Mark is an experienced leader with a proven track record of revenue growth and enterprise value. We are excited to have him join our leadership team to take us to the next stage of accelerated growth for the Company," concluded Mr. Alon.

Recent Operational Highlights

- Appointed Mark Logan as new Chief Operating Officer, effective November 20, 2017
- Closed multiple agreements for Attunity Replicate and Compose for Hive, including a \$1.0 million deal with a global financial services company
- Launched Replicate for Microsoft Migrations, a collaboration with Microsoft (NASDAQ: MSFT)
- Announced v6 of our Modern Data Integration Platform
- Recognized by Gartner for the second year in a row as a Challenger in the 2017 Magic Quadrant for Data Integration Tools

Financial Highlights for the Third Quarter of 2017, compared with the Third Quarter of 2016

- Total revenue was \$16.5 million, compared with \$13.0 million
 - Operating profit was \$0.1 million, compared with an operating loss of \$4.1 million
 - Non-GAAP operating profit was \$1.5 million, compared with an operating loss of \$0.5 million*
 - Net loss of \$0.4 million, compared with a net loss of \$4.0 million
 - Non-GAAP net income of \$0.8 million, compared with non-GAAP net loss of \$1.7 million*
-

Attunity v6 – Technology

In September 2017, Attunity launched a major new release of its data integration platform. The new release includes Attunity Replicate 6.0 along with new versions of Attunity Compose for Hive and Attunity Enterprise Manager (AEM). The Attunity v6 data integration platform uniquely accommodates these needs with the addition of many capabilities including:

- Expanded cloud data integration for migration and analytics
- Enhanced performance for Hadoop data ingestion and Oracle environments
- Universal database stream generation to support streaming enterprise architectures
- Secure management of data pipelines with global role-based access control and auditing
- AEM Analytics, providing trend analysis on system resource utilization and performance monitoring in large-scale environments

Financial Results for Q3 2017

Total revenue for the third quarter of 2017 was \$16.5 million, compared with \$13.0 million for the same period in 2016. This includes license revenue of \$9.2 million, which grew 45% compared with \$6.3 million for the same period in 2016, and maintenance and service revenue, which grew 10% to \$7.3 million, compared with \$6.6 million for the same period in 2016. License revenue includes approximately \$3.0 million, recognized from a previously announced strategic OEM licensing agreement with a top information technology company.

Operating expenses for the third quarter of 2017 decreased 4% to \$16.4 million, compared with \$17.0 million for the same period in 2016.

Non-GAAP operating expenses for the third quarter of 2017 increased 12% to \$15.0 million, compared with \$13.5 million for the same period in 2016. Non-GAAP operating expenses exclude approximately \$1.3 million in equity-based compensation expenses and amortization associated with acquisitions, compared with an approximately \$2.0 million charge for partial impairment of acquired technology associated with the Appfluent acquisition and \$1.6 million in equity-based compensation expenses and amortization associated with acquisitions for the same period in 2016.*

Operating profit for the third quarter of 2017 was \$0.1 million, compared with an operating loss of \$4.1 million for the same period in 2016.

Non-GAAP operating profit was \$1.5 million for the third quarter of 2017, compared with non-GAAP operating loss of \$0.5 million for the same period in 2016. Non-GAAP operating profit excludes a total of \$1.3 million in equity-based compensation expenses and amortization associated with acquisitions, compared with an approximately \$2.0 million charge for partial impairment of acquired technology associated with the Appfluent acquisition and \$1.6 million in equity-based compensation expenses and amortization associated with acquisitions for the same period in 2016.*

Net loss for the third quarter of 2017 was \$0.4 million, or (\$0.03) per diluted share, compared with a net loss of \$4.0 million, or (\$0.24) per diluted share, in the third quarter of 2016.

Non-GAAP net income for the third quarter of 2017 was \$0.8 million, or \$0.04 per diluted share, compared with a non-GAAP net loss of \$1.7 million, or (\$0.10) per diluted share, for the same period in 2016. Non-GAAP net loss excludes approximately \$1.2 million in equity-based compensation expenses, amortization associated with acquisitions and tax benefits related to non-GAAP adjustments, compared with approximately \$2.3 million in partial impairment of acquired technology associated with the Appfluent acquisition, equity-based compensation expenses and amortization associated with acquisitions, including tax benefits related to non-GAAP adjustments of \$1.2 million, for the same period in 2016.*

Cash and cash equivalents were \$7.3 million as of September 30, 2017, compared with \$10.0 million as of June 30, 2017. Cash and cash equivalents at the end of the third quarter of 2017 were mainly impacted by \$1.6 million used in operating activities.

Shareholders' equity as of September 30, 2017 increased to \$30.5 million, compared with \$29.8 million as of June 30, 2017.

Conference Call and Webcast Information

The Company will host a conference call with the investment community on Thursday, November 2nd at 8:30 a.m. Eastern Time featuring remarks by Shimon Alon, Chairman and CEO, Dror Harel-Elkayam, CFO, and Itamar Ankorion, CMO of Attunity. The dial-in numbers for the conference call are +1-800-967-7134 (U.S. Toll Free), +1 80 925 8243 (Israel), or +1-719-325-2339 (International). All dial-in participants must use the following code to access the call: 5157422.

Please call at least five minutes before the scheduled start time. The conference call will also be available via webcast, which can be accessed through the Investor Relations section of Attunity's website, ir.attunity.com. Please allow extra time prior to the call to visit the site and download any necessary software to listen to the live broadcast.

For interested individuals unable to join the conference call, a replay of the call will be available through November 16, 2017, at +1-844-512-2921 (U.S. Toll Free) or +1-412-317-6671 (International). Participants must use the following code to access the replay of the call: 5157422. The online archive of the webcast will be available on ir.attunity.com/events for 30 days following the call.

About Attunity

Attunity is a leading provider of data integration and Big Data management software solutions that enable availability, delivery, and, management of data across heterogeneous enterprise platforms, organizations, and the Cloud. Our software solutions include data replication and distribution, test data management, change data capture (CDC), data connectivity, enterprise file replication (EFR), managed file transfer (MFT), data warehouse automation, data usage analytics, and cloud data delivery.

Attunity has supplied innovative software solutions to its enterprise-class customers for over 20 years and has successful deployments at thousands of organizations worldwide. Attunity provides software directly and indirectly through a number of partners such as Microsoft, Oracle, IBM and Hewlett Packard Enterprise. Headquartered in Boston, Attunity serves its customers via offices in North America, Europe, and Asia Pacific and through a network of local partners. For more information, visit <http://www.attunity.com> or our [blog](#) and join our communities on [Twitter](#), [Facebook](#), [LinkedIn](#) and [YouTube](#).

(*) Use of Non-GAAP Financial Information

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles, or GAAP, Attunity uses Non-GAAP measures of net income (loss), operating expenses, operating profit (loss), and diluted net income (loss) per share, which are adjusted from results based on GAAP to exclude amortization and impairment charges associated with the acquisitions, stock-based compensation expenses, non-cash financial expenses, such as the effect of a revaluation of liabilities presented at fair value and accretion of payment obligations, and tax benefits related to non-GAAP adjustments. Attunity's management believes the non-GAAP financial information provided in this release is useful to investors' understanding and assessment of Attunity's on-going core operations and prospects for the future. Management uses both GAAP and non-GAAP information in evaluating and operating its business internally and as such has determined that it is important to provide this information to investors. The presentation of this non-GAAP financial information is not intended to be considered in isolation or as a substitute for results prepared in accordance with GAAP. *For further details, see the Reconciliation of Supplemental Non-GAAP Financial Information table later in this press release.*

Important Note: Attunity is not responsible for the awards mentioned in this press release or the entities that award them.

Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding the anticipated features and benefits of Replicate Solutions, within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other Federal Securities laws. Statements preceded by, followed by, or that otherwise include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", and similar expressions or future or conditional verbs such as "will", "should", "would", "may" and "could" are generally forward-looking in nature and not historical facts. For example, when we discuss the demand for our products and expectations regarding future growth, we are using forward-looking statements. In addition, announced results for the third quarter of 2017 are preliminary, unaudited and subject to year-end audit adjustment. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results, expressed or implied by such forward-looking statements, could differ materially from Attunity's current expectations. Factors that could cause or contribute to such differences include, but are not limited to, risks and uncertainties relating to: our history of operating losses and ability to achieve or sustain profitability; our ability to manage our growth effectively; our business and operating results dependency on the successful and timely implementation of our third party partner solutions; the lengthy sales cycle of our products; competition; acquisitions, including costs and difficulties related to integration of acquired businesses and impairment charges; global economic conditions; the potential loss of one or more of our significant customers or a decline in demand from one or more of these customers; timely availability and customer acceptance of Attunity's new and existing products, including Attunity Compose and Attunity Visibility; international operations; our need and ability to raise capital; and other factors and risks on which Attunity may have little or no control. This list is intended to identify only certain of the principal factors that could cause actual results to differ. For a more detailed description of the risks and uncertainties affecting Attunity, reference is made to Attunity's latest Annual Report on Form 20-F (as amended) which is on file with the Securities and Exchange Commission (SEC) and the other risk factors discussed from time to time by Attunity in reports filed with, or furnished to, the SEC. Except as otherwise required by law, Attunity undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

The contents of any website or hyperlinks mentioned in this press release are for informational purposes and the contents thereof are not part of this press release.

Attunity Appoints New Chief Operating Officer

Burlington, MA – November 2, 2017 – Attunity Ltd. (NasdaqCM: ATTU), a leading provider of data integration and Big Data management software solutions, today announced the appointment of Mark Logan as Chief Operating Officer (COO) of Attunity, effective November 20, 2017.

"We are pleased to have Mark Logan join the Attunity team as Chief Operating Officer. As we continue to capitalize on the large opportunity in the data integration market, we see this as a pivotal time to accelerate our growth with the addition of a proven leader to our C-Suite," stated **Shimon Alon, Chairman and CEO of Attunity**. "Mark will assume responsibility for Attunity sales and operations activities. We believe his extensive experience in scaling numerous businesses through innovative go-to-market strategies will be instrumental in driving improved operational performance for our business."

Mark is a seasoned executive with over 25 years of technology industry experience in corporate growth, go-to-market strategies and channel development. He has served in numerous executive management roles, including as CEO of WealthEngine, CEO of Rivermine, COO of Emptoris and General Manager of Peoplesoft and JD Edwards. In these positions, Mark acted as a change agent successfully driving substantial revenue growth. He brings to Attunity deep knowledge and experience in all aspects of sales and operations.

"Attunity is an innovative company with technology solutions that are in high demand in a continuously growing market. I am excited to join the team during such an important time of great momentum in the company and industry to help drive the business to the next level of success," said **Mark**. "I look forward to putting my skills to work to help with achieving Attunity's greater vision."

About Attunity

Attunity is a leading provider of data integration and Big Data management software solutions that enable availability, delivery, and, management of data across heterogeneous enterprise platforms, organizations, and the Cloud. Our software solutions include data replication and distribution, test data management, change data capture (CDC), data connectivity, enterprise file replication (EFR), managed file transfer (MFT), data warehouse automation, data usage analytics, and cloud data delivery.

Attunity has supplied innovative software solutions to its enterprise-class customers for over 20 years and has successful deployments at thousands of organizations worldwide. Attunity provides software directly and indirectly through a number of partners such as Microsoft, Oracle, IBM and Hewlett Packard Enterprise. Headquartered in Boston, Attunity serves its customers via offices in North America, Europe, and Asia Pacific and through a network of local partners. For more information, visit <http://www.attunity.com> or our [blog](#) and join our communities on [Twitter](#), [Facebook](#), [LinkedIn](#) and [YouTube](#).

Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding the anticipated features and benefits of Replicate Solutions, within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other Federal Securities laws. Statements preceded by, followed by, or that otherwise include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", and similar expressions or future or conditional verbs such as "will", "should", "would", "may" and "could" are generally forward-looking in nature and not historical facts. For example, Attunity is using forward-looking statements when it discusses future performance and growth and achieving its vision. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results, expressed or implied by such forward-looking statements, could differ materially from Attunity's current expectations. Factors that could cause or contribute to such differences include, but are not limited to, risks and uncertainties relating to: our history of operating losses and ability to achieve profitability; our reliance on strategic relationships with our distributors, OEM, VAR and "go-to-market" and other business partners, and on our other significant customers; our ability to manage our growth effectively; acquisitions, including costs and difficulties related to integration of acquired businesses and possible impairment charges; our ability to continue to expand our business into the SAP market and the success of our Gold Client offering; timely availability and customer acceptance of Attunity's new and existing products, including Attunity Replicate, Attunity Compose and Attunity Visibility; fluctuations in our quarterly operating results, which may not necessarily be indicative of future periods; changes in the competitive landscape, including new competitors or the impact of competitive pricing and products; a shift in demand for products such as Attunity's products; the impact on revenues of economic and political uncertainties and weaknesses in various regions of the world, including the commencement or escalation of hostilities or acts of terrorism as well as cyber-attacks; and other factors and risks on which Attunity may have little or no control. This list is intended to identify only certain of the principal factors that could cause actual results to differ. For a more detailed description of the risks and uncertainties affecting Attunity, reference is made to Attunity's latest Annual Report on Form 20-F (as amended) which is on file with the Securities and Exchange Commission (SEC) and the other risk factors discussed from time to time by Attunity in reports filed with, or furnished to, the SEC. Except as otherwise required by law, Attunity undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

Microsoft and Attunity Announce Strategic Partnership for Data Migration

*New Attunity Replicate for Microsoft Migrations offering accelerates migrations to the
Microsoft data platform*

REDMOND, WA and BURLINGTON, MA – November 1, 2017 - Attunity Ltd. (NASDAQ CM: ATTU) and Microsoft Corporation (NASDAQ:MSFT) announced an expanded strategic partnership for enabling data migration and replication initiatives. With this partnership, Attunity is working with Microsoft to offer a new product, [Attunity Replicate for Microsoft Migrations](#), which is designed to facilitate and accelerate migrations from various database systems to the Microsoft data platform. Microsoft and Attunity have been business partners for over twenty years, and with this new enhanced collaboration the two companies will build on the history with new scenarios for data replication to accommodate a broad range of data integration requirements including migration, analytics, Data Lake and Big Data initiatives.

"Our expanded strategic partnership with Microsoft enables us to jointly engage customers worldwide to drive large-scale migrations to Azure and the Microsoft data platform," said **Shimon Alon, Chairman and Chief Executive Officer at Attunity**. "Microsoft and Attunity share a vision to help users get value from their data leveraging the platform of their choice. Together we can unlock incredible opportunities for innovation, providing our customers with a universal platform for high-speed data replication to support many important business initiatives."

"Microsoft is committed to meeting our customers' needs today, while helping them bridge to the future. Attunity Replicate for Microsoft Migrations offers a robust solution for our customers to replicate their data to the Microsoft data platform, including SQL Server 2017 and Azure data services," said **John "JG" Chirapurath, General Manager, Data Platform Marketing at Microsoft**. "This expedites and simplifies near-zero downtime data migrations with ongoing replication so that our customers can maximize the value of their data."

Database Migration from Oracle to Microsoft SQL Server and Azure Data Services:

Businesses globally will be able to use [Attunity Replicate for Microsoft Migrations](#) to facilitate and simplify migrations from a broad range of commercial and open-source databases, including Oracle, Amazon Redshift, Teradata, IBM Netezza, and PostgreSQL to a broad range of Microsoft data platform targets, across on-premises and Azure. Endpoints include SQL Server 2017, now available on Linux, Docker containers and Windows, as well as Azure SQL Database, SQL Server on a VM in Azure, Azure SQL Database Managed Instance, Azure SQL Data Warehouse, and Azure Database for MySQL and Azure Database for PostgreSQL.

A free license of Attunity Replicate for Microsoft Migrations is provided for 12 months, to allow each migration. Customers requiring extended migration periods and additional data sources can purchase such licenses directly from Attunity.

By collaborating on database migrations, the two companies enable and simplify a number of other in-demand data scenarios.

Data Lakes and Big Data Analytics in Microsoft Azure:

Enterprises building data lake solutions on Azure can use Attunity Replicate for Microsoft Migrations to accelerate, simplify and scale [data ingestion](#) to support Big Data initiatives including real-time and streaming analytics, IoT, and machine learning. Attunity Replicate for Microsoft Migrations provides universal data delivery to many systems including Hadoop, Azure SQL Data Warehouse, Azure Event Hubs, and support is in development for Azure BLOB Store, Azure Data Lake Store and Azure HDInsight.

SAP Analytics:

Enterprises using SAP to run their critical business operations can use [Attunity Replicate for SAP](#) to deliver live SAP data into their business intelligence (BI) and analytics platforms of choice within the Microsoft data platform. There they can merge SAP data with other business information and leverage tools like Microsoft Power BI to visualize and analyze their data.

Continuous Replication for Real-time Business Intelligence (BI)

Customers can accelerate and scale BI initiatives leveraging tools like Microsoft Power BI while reducing the impact on source operational systems like Oracle by using Attunity Replicate's agentless design. The solution accelerates the replication process by continuously and efficiently capturing and delivering fresh data to SQL Server or Azure SQL Database.

About Microsoft

Microsoft (Nasdaq "MSFT" @microsoft) is the leading platform and productivity company for the mobile-first, cloud-first world, and its mission is to empower every person and every organization on the planet to achieve more.
