Attunity Recognized Again by Gartner as a Challenger

Improves position for Completeness of Vision in the Gartner 2017

BURLINGTON, Massachusetts, August 10, 2017 /PRNewswire/ --

Attunity Ltd. (NASDAQ CM: ATTU), a leading provider of data integration and Big Data management software solutions, announced today that it has been named a Challenger for the second year in a row in the 2017 Gartner Magic Quadrant for Data Integration Tools report. Gartner, the world's foremost authority on IT research and advisory services, has positioned Attunity as a challenger based on its ability to execute and with an improved quadrant position based on completeness of vision. The full report, including the quadrant graphic, is available [here](#).

The Gartner report^[1] notes, "Gartner analysts evaluate technology providers on their ability to convincingly articulate logical statements about current and future market direction, innovation, customer needs and competitive forces, as well as how they map to Gartner's position. Ultimately, technology providers are assessed on their understanding of the ways that market forces can be exploited to create opportunities... Gartner estimates that the data integration tool market generated more than \$2.7 billion in software revenue (in constant currency) at the end of 2016. A projected five-year compound annual growth rate of 6.32% will bring the total market revenue to around \$4 billion in 2021."

"We are pleased and honored to be recognized again by Gartner as a Challenger in the data integration market," said **Itamar Ankorion, Chief Marketing Officer at Attunity**. "We believe our position in the 2017 Gartner Magic Quadrant for Data Integration Tools is a result of our continued dedication to customer success and technology innovation, bringing to market universal, hybrid and real-time solutions that enable organizations to turn data into value faster and providing competitive advantage."

Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding the anticipated features and benefits of Replicate and Visibility Solutions, within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other Federal Securities laws. Statements preceded by, followed by, or that otherwise include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", and similar expressions or future or conditional verbs such as "will", "should", "would", "may" and "could" are generally forward-looking in nature and not historical facts. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results, expressed or implied by such forward-looking statements, could differ materially from Attunity's current expectations. Factors that could cause or contribute to such differences include, but are not limited to: risks and

uncertainties relating to our history of operating losses and ability to achieve profitability; our reliance on strategic relationships with our distributors, OEM, VAR and "go-to-market" and other business partners, and on our other significant customers; risks and uncertainties relating to acquisitions, including costs and difficulties related to integration of acquired businesses; our ability to expand our business into the SAP market and the success of our Gold Client offering; timely availability and customer acceptance of Attunity's new and existing products, including Attunity Compose and Attunity Visibility; risks and uncertainties relating to fluctuations in our quarterly operating results, which may not necessarily be indicative of future periods; changes in the competitive landscape, including new competitors or the impact of competitive pricing and products; a shift in demand for products such as Attunity's products; the impact on revenues of economic and political uncertainties and weaknesses in various regions of the world, including the commencement or escalation of hostilities or acts of terrorism as well as cyber-attacks; and other factors and risks on which Attunity may have little or no control. This list is intended to identify only certain of the principal factors that could cause actual results to differ. For a more detailed description of the risks and uncertainties affecting Attunity, reference is made to Attunity's latest Annual Report on Form 20-F which is on file with the Securities and Exchange Commission (SEC) and the other risk factors discussed from time to time by Attunity in reports filed with, or furnished to, the SEC. Except as otherwise required by law, Attunity undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
